# INTRODUCTION

In the terms of being a freshman it's hard to find your prof especially if your new in the university that's why we come up to this idea to make a desktop app that would help the student to find the contact info to visualize them

# PROBLEMS:

The lack of  
accessibility

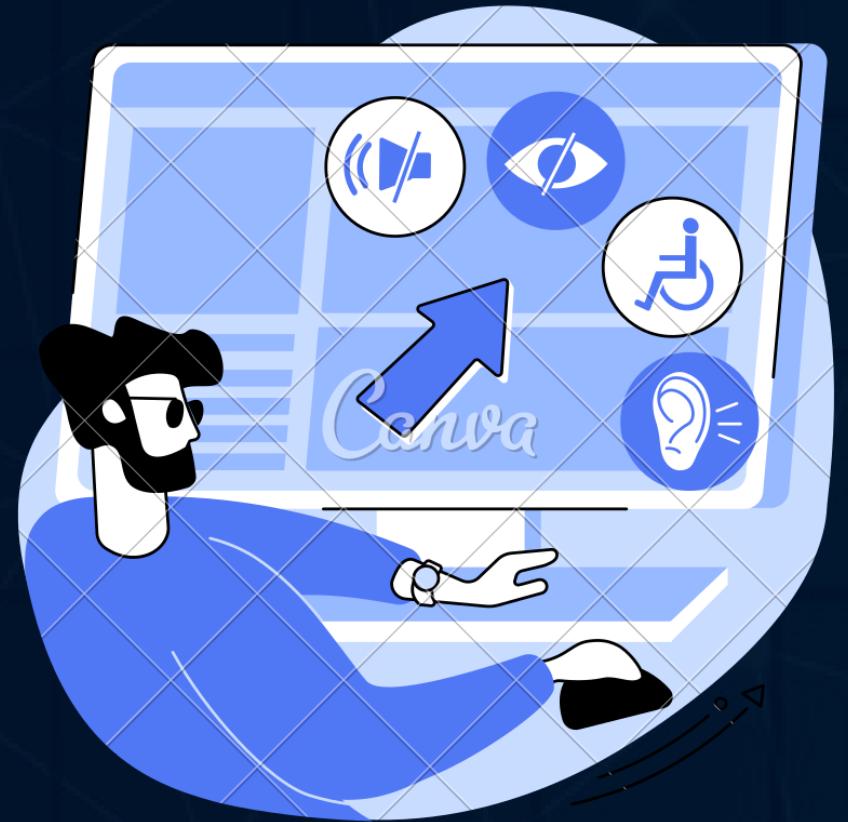

Struggle to comply

Misguidance

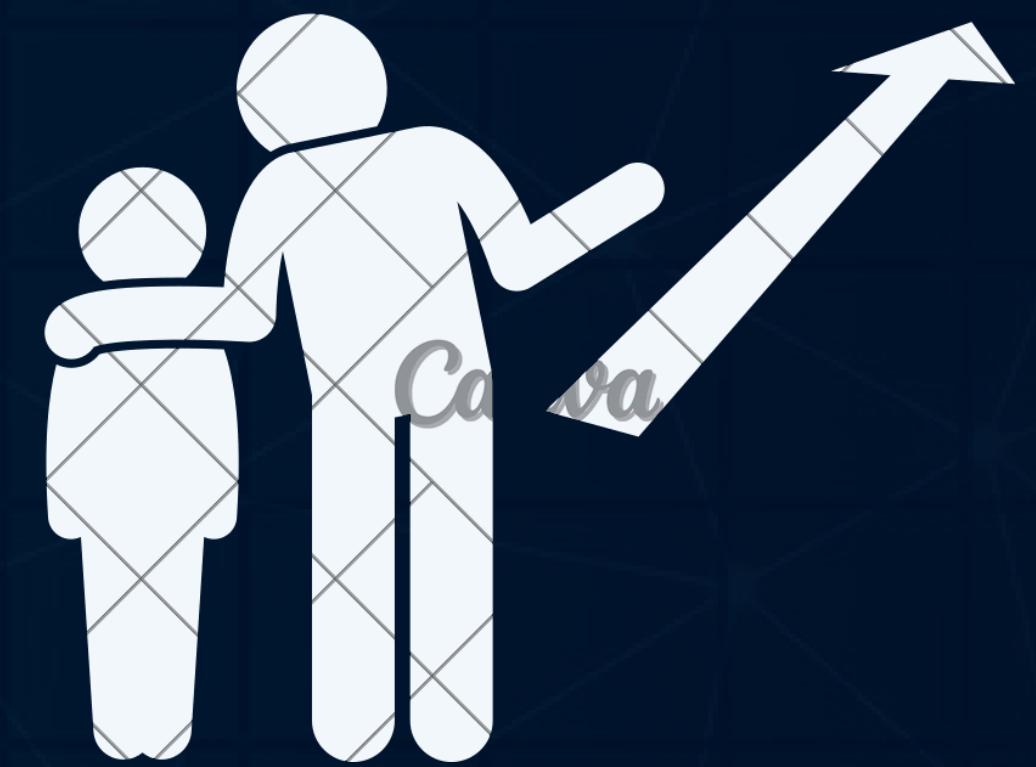

# SOLUTION

PROFESSOR  
PROFILE

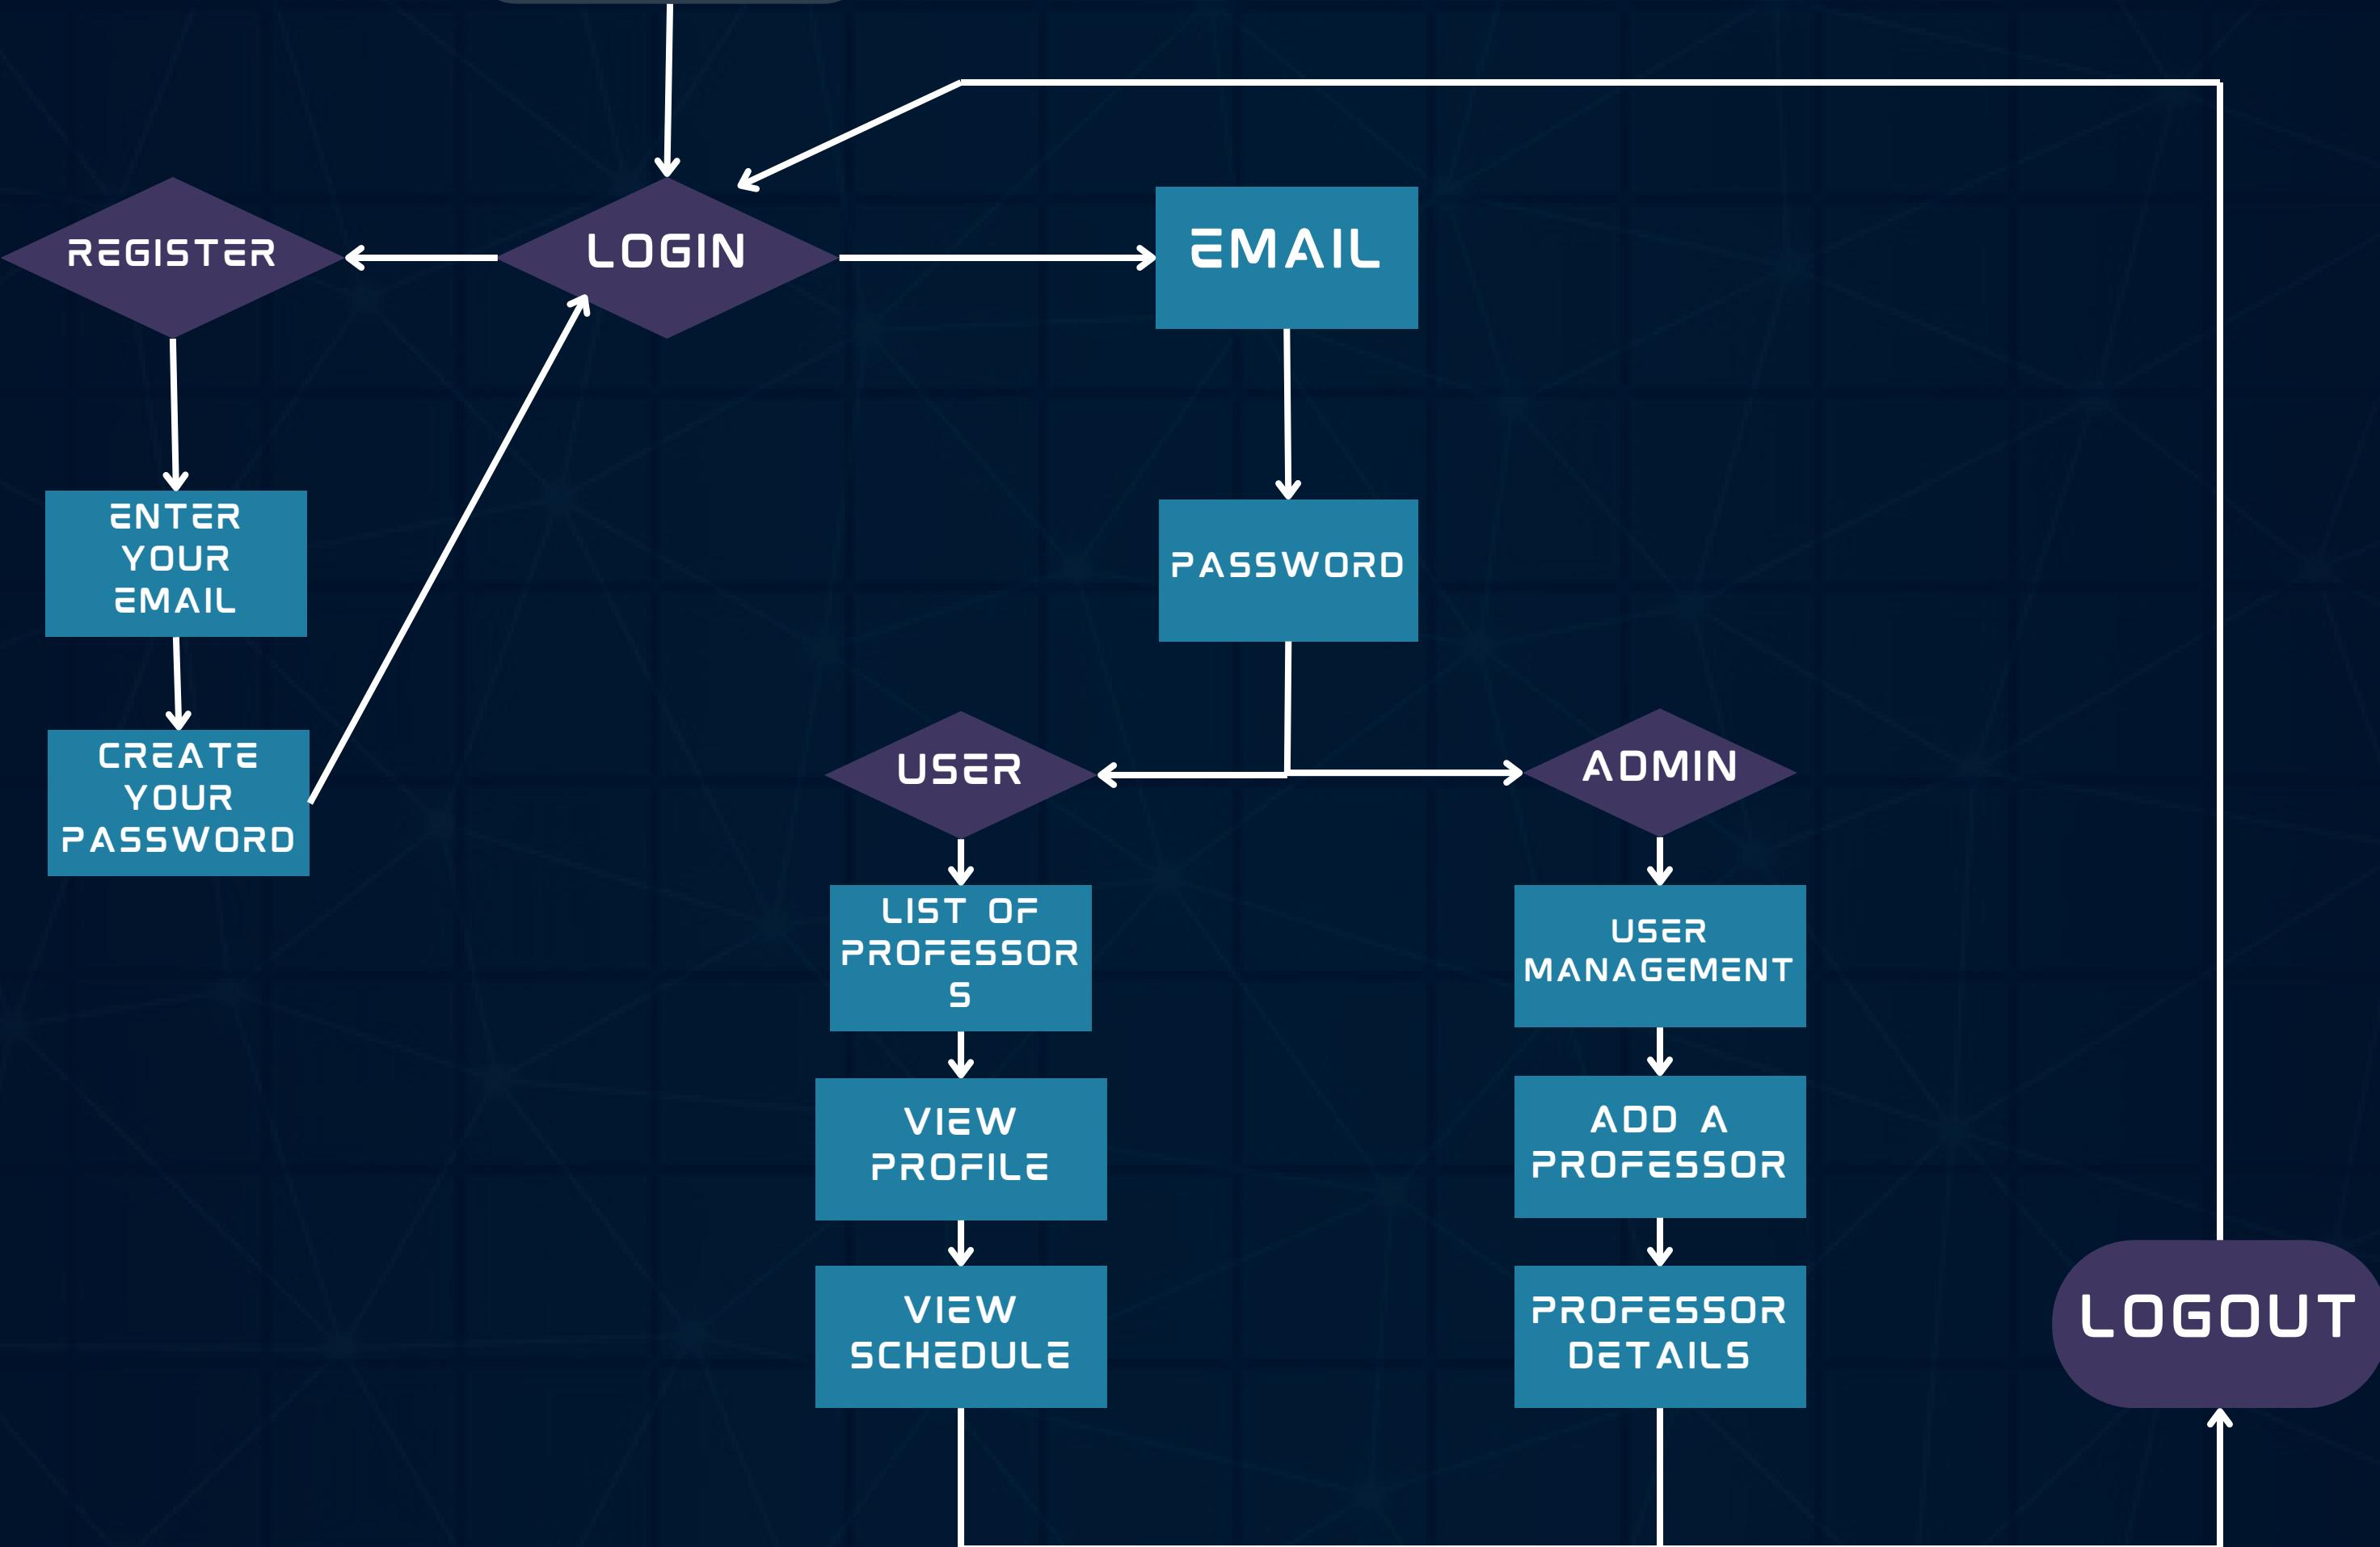

ORGANIZING  
PROFILE  
DETAIL

VERIFIED  
INFORMATION

# WELCOME AND LOGIN WINDOW

A screenshot of a Windows application window titled "Student Management System". The title bar has standard minimize, maximize, and close buttons. The main content area features a large red header "Welcome to ProfBook" and a sub-header "One way to connect with Professors". To the right, there is a "Login to Your Account" section. It includes fields for "Username" and "Password", a "Remember Password" checkbox, a "Forgot Password?" link, and a large red "LOGIN" button. Below the login section is a horizontal line with the word "OR" in the center, and a "REGISTER" link.
